RESPONSE TO ELECTION OF SPECIES REQUIREMENT

COMMISSIONER FOR PATENTS
ALEXANDRIA, VIRGINIA 22313

SIR:

In response to the Election of Species Requirement dated July 6, 2005, Applicants provisionally elect with traverse Species 1, and identify Claims 1-17 as readable on the elected Species.

Applicants respectfully traverse the election requirement because, as set forth in MPEP § 803, "If the search and examination of an entire application can be made without serious burden, the Examiner must examine it on the merits, even though it includes claims to distinct or independent inventions."

The claims of Species 1-15 appear to be part of an overlapping search area. Therefore, Applicants traverse the outstanding Election of Species Requirement on the grounds that a search and examination of the entire application would not place a serious burden on the Examiner.

Accordingly, it is respectfully requested that the requirement to elect a single Species be withdrawn, and that a full examination on the merits of Claims 1-23 be conducted.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
